

# All Clover Wildlife Mixture

**All Clover Wildlife Mixture:** Our unique All Clover Mixture, a formulated blend of seeds to bring life and variety to your food plot. The mixture is carefully composed of 20% Medium Red Clover, known for its excellent soil-enriching properties and vibrant color. Similarly, we've incorporated 20% White Clover, loved for its hardiness and ability to attract pollinators, along with 20% Ladino Clover, a high-yielding variant that provides rich and nourishing forage. To add diversity, we've included 20% Alsike Clover, a versatile species that thrives in challenging soil conditions, and 20% Arrowleaf Clover, renowned for its longevity and beneficial properties for soil health. Our All Clover Mixture makes a visually appealing and sustainable blend of clovers, each selected for their unique characteristics.
